

No One Stands Alone In Our Community

For 100 years, **Jewish Family Service of San Diego** has welcomed and supported immigrants in their efforts to set down roots in our community. And since 1933, the **ACLU of San Diego & Imperial Counties** has worked to defend their civil rights.

We do this work because our shared values call us to champion the needs of the vulnerable in our society – regardless of where they come from or the documents they hold.

We are outraged by the “zero-tolerance” policies undermining due process within our immigration system. These policies separate families and criminalize those seeking lawful status within our borders.

As leading partners in the **San Diego Rapid Response Network**, a network of civil rights and human service organizations working for the protection of immigrants and their families, we are responding with a clear and unified message: **“No one stands alone in our community.”**

This is not a point of view on immigration policy – this is about human decency and who we are as Americans.

We are a nation founded and strengthened by generations of immigrants – people who have come to the United States by whatever means possible to give their families the opportunity to live in safety and lead self-determined lives.

Whether it is an individual seeking asylum at the Port-of-Entry, a family fighting for reunification, or an undocumented immigrant apprehended in the neighborhood where they live and work, we stand ready to advocate for their rights and provide them with legal assistance and representation.

Please join JFS, the ACLU, and the partners of the San Diego Rapid Response Network in standing for the dignity and protection of immigrants in our community.
